Life Goals

Did you ever want to start school, get back to school, get a new job or just get back to work?

This program is designed for single moms who want to learn new ideas and skills to inspire their children and themselves.

Orion is offering a free twelve-week educational motivational group. This program is called GLAD (Gutsy Ladies Achieving their Destiny).

A weekly meeting will include information on learning new parenting skills and how to focus on your education and life goals. **Maybe even get your dream job!**

Contact Orion to find out more...

You will be GLAD you did!
